

The EU chronic diseases response

Ingrid Keller
DG SANTE

Global agenda on non-communicable diseases

UN process

General Assembly

Distr.: General
24 January 2012

Sixty-sixth session
Agenda item 117

Resolution adopted by the General Assembly

[without reference to a Main Committee (A/66/L.1)]

66/2. Political Declaration of the High-level Meeting of the General Assembly on the Prevention and Control of Non-communicable Diseases

The General Assembly

Adopts the Political Declaration of the High-level Meeting of the General Assembly on the Prevention and Control of Non-communicable Diseases annexed to the present resolution.

*3rd plenary meeting
19 September 2011*

Figure 2. Global voluntary targets for NCDs

UN/WHO Global Voluntary Targets

A 25% relative reduction in risk of premature mortality from cardiovascular diseases, cancer, diabetes, or chronic respiratory diseases

At least 10% relative reduction in the harmful use of alcohol

A 10% relative reduction in prevalence of insufficient physical activity

A 30% relative reduction in mean population intake of salt/sodium

A 30% relative reduction in prevalence of current tobacco use

A 25% relative reduction in the prevalence of raised blood pressure or contain the prevalence of raised blood pressure, according to national circumstances

Halt the rise in diabetes and obesity

At least 50% of eligible people receive drug therapy and counselling (including glycaemic control) to prevent heart attacks and strokes

An 80% availability of the affordable basic technologies and essential medicines, including generics, required to treat major noncommunicable diseases in both public and private facilities

Work on non-communicable diseases by the European Commission

STATE OF HEALTH IN THE EU

Bringing together internationally renowned expertise to strengthen country-specific and EU-wide knowledge on health and health systems

Risk factors & Mortality Causes

RISK FACTORS (2014)

MORTALITY CAUSES (2013)

Steering Group on Prevention and Promotion – Member States

- *Support for the implementation of policies*
- *Coordination of sector specific expert groups on public health*
- *Improving multi-sectorial collaboration*

1st meeting – 30 Nov 2016

2nd meeting – 17 March 2017

European
Commission

Joint Action:

HEALTH PROMOTION

Good practice in health promotion and primary prevention of chronic disease, and their transferability.

MULTI- MORBIDITY

Guidelines on innovative and effective care for multimorbid patients.

TYPE 2 DIABETES

European cooperation in diabetes as a case study for tackling chronic disease.

CHRODIS Platform

PLATFORM FOR KNOWLEDGE EXCHANGE

where decision-makers, caregivers, patients, and researchers across Europe can find and share the best knowledge on chronic diseases.
